**XR**  
**Analysis Request**

Apex 2 Duo

**General information**

Date : ..... Name: ..... Team, Lab : .....  
Phone, e-mail : ..... Name of Manager /signature : .....

**Product information**

Sample name : ..... Molecular formula: .....  
Molecular Weight: .....g/mol  
Solubility : .....  
Solvents used for crystallisation : .....  
Stable :  Yes  No      Air sensitive:  Yes  No      Light sensitive :  Yes  No

**Expected structure:** (and desired atom numbering)

**Results**

C\* numbers : .....  
Expected absolute configuration : R, S ou racemic? .....
